I will remember you & Vicky and that crazy Cheryl.

Diane,

I've known you for quite
awhile now, and it's been a
pleasure. You have really
changed (for the better) since
I've known you. You're not
always on the positive side....
But when you make up your
mind to do something, I must say
you really do it! Hope to see you
over the summer. Love always, Judy Sweet

Although the Monroe varsity football team finished with a 1-4 league record during the 1977 season, there are enough high points to keep the team and its supporters from feeling glum about their accomplishments.

The Vikings gave three highly ranked teams — Washington, Gardena, and Kennedy — tough battles before losing. In addition, Monroe upset Jefferson 13-12, trounced Hamilton 48-16, and scored a surprise league victory over Birmingham, 21-9.

Dave Radcliffe, the Valley's leading punter, was named most valuable player on the team, while quarterback James Baker and Chet Ciccone, leading receiver, formed a potent passing combination. Speedster Paul Anderson was top running back, and Lee Orsino, foremost offensive lineman, and Mike Clifton was the top defensive player.

As Mid Valley Co Champions, the Bee team showed considerable improvement from last year. They won three out of four games from the inner city teams in non league play which was a major accomplishment. With six players making All League, it helped the team in tough battles in league play. J. B. Romanowsk was awarded Player of the Year in the Mid Valley for his excellent performances. All together, the Bee record was 7-2-0.

Coach Rankin contemplates victory

Although this year's Varsity basketball team did not possess one star player, it proved that teamwork is what counts.

The many fine players ended league play with a 3-7 record, which allowed them to enter the playoffs. In an exciting conclusion, Monroe won the tiebreaker against Van Nuys, 80-79, in overtime. This win pushed Monroe into the playoffs with a disappointing finish against Fremont.

Shutterbugs!

A warm night and a large, spirited crowd created the perfect setting for our Homecoming. This year, Monroe celebrated its twentieth birthday, and the theme, "You've Come a Long Way, Monroe!" inspired each class to come up with original ideas. The seniors stirred up a giant birthday cake, the junior class produced a track star, and the sophomores delivered their award winning stork carrying a Mr. Viking. It was a proud moment for the sophomore class when they won the float contest and broke the jinx which has been on the tenth grade class since the first Homecoming game. It was also an exciting moment for Lory Stephens and Mike Clifton when they were crowned as Homecoming Queen and King for 1977. This year's Alumni Secretary, Jann Nakabayashi, along with her Homecoming committee, planned this year's Homecoming program to make it a memorable one

Sandra Hope, our Foreign Exchange student from Barbados

My name is Sandra Hope. I am 17 years old, and I come from a small island in the Caribbean called Barbados. The island is about 166 square miles and is divided into 11 different sections. The capital is a town called Bridgetown. Barbados is known for its beautiful beaches, friendly faces, and its excellent seafood. One can spend a day relaxing on the beach or go sightseeing. To end your day, you can join in on the night life, and go to one of the many night clubs. At home in Barbados, I attend a Roman Catholic boarding school which houses 300 students. I have already completed school there, and I am now repeating the 12th grade here at Monroe. In the United States, I am staying with the Miner family, and my host sister, Glenda, is also a senior here at Monroe.

My stay here in the United States has been both a learning and exciting experience, and I thank everyone who has helped me during my stay here. It has been a year full of pleasure and warmth. My fondest regards to all. I encourage all of you to become involved in AFS and shake hands with the world. I guarantee that it will be a worthwhile experience. If anyone would like to write me, I would like to hear from you. My address is: Miss Sandra Hope

AFS is the place to get involved

Michael Hindevad, from Denmark, through Youth for Understanding

Alexis MacLachlan was our AFS student last summer in Trujillo, Peru

My name is Michael Hindevad, and I come from Denmark. My home is in a small town outside of Copenhagen, the capital of Denmark. I have come to the United States through an organization called Youth for Understanding. Here in the United States, I am staying with the Raines family, and my American host brother, Tom, is also a student attending Monroe. My school in Denmark is different from the schools in America. Our high school in Denmark is finished after ten years of education. After high school, you can go to the Gymnasium, which is similar to the junior colleges in America. When I return to Denmark, I will attend the Gymnasium for the next two years.

I have enjoyed my stay in America very much. If anyone ever comes to Denmark, I will be very happy to see them. My address is:

Michael Hindevad
Geelsmark 6, 2840 Holte

"Make the best of this experience because you will never have an opportunity again." This is what I told myself when I received news that I would be the American Field Service Student representing Monroe High School for the summer of 1977.

I lived in Trujillo, Peru, which is an eight hour bus ride north of Lima, Peru's capital. (Trujillo is a town on the beach, and although equal to the San Fernando Valley in population, it is the third largest city in Peru.) I lived with Dr. Luis Tincopa Montoya, his wife, five children, a live-in maid, and a woman who came to the home six days a week to cook and wash clothes. At first I was lost. Everybody looked alike and spoke too fast. There was something very special about the family I stayed with. I never felt alone and they treated me as one of the family. I was close to my family, but I feel like a real sister to Romy, who is also seventeen years old. It's funny how girls from entirely different backgrounds can have so much in common.

This experience has made me grow up and has helped me to appreciate people for what they are. I saw a lot of things one cannot read or be taught; but, must be experienced for themselves. I met and became close to quite a few people. Sometimes one has to see a person or place to realize how fortunate he or she is, because they have SO much. The meetings and orientations told me almost everything — everything except how to say good bye to a family, friends, and a new place I had become attached to.

This year marching band has made superb accomplishments, and put Monroe on the map of known schools. The biggest accomplishment this year was to make the City-Semi-Finals, and then the Finals at the Sports Arena where they finished third in their division.

Band did many activities outside of school to represent Monroe. They also entertained during the halftime of the football games.

Newly elected officers will be getting their terms. They will be putting a new team in to take their place. It consists of many different people who are interested in the band and the school.

Dr. Davis,
Principal

This 1977-78 school year marks the 20th anniversary of James Monroe High School. As I review the achievements of our students and the honors and awards earned over the past two decades, I feel a very strong sense of pride and satisfaction.

The past five years, during which I have been privileged to serve as your principal, can best be described as an "Era of Change." We have had changes in our curriculum, changes in programs and activities, and changes in the composition of our student body. For the foreseeable future, at least, it appears that "change" will be our constant companion.

Teachers, students, parents and the community can rightfully be proud of their demonstrated ability to adjust to change. This flexibility has been greatly appreciated by your administrative team, and by our two fine parent support groups, the Parent-Student-Teacher Association and the School-Community Advisory Council.

"Achieve With Honor" is our school motto. If all of us keep this in mind and continue to strive for excellence, future "Vikings" can look forward to greater and even more successful years ahead.
